### Have - Present Simple - Ushtrimi 3

Plotësoni hapësirat · A2+ - Para-mesatar · Gramatikë

Practise simple present **have** forms in clear everyday contexts. Note: Because apostrophes can sometimes cause technical matching errors, it is better to use the full form when completing the gaps. If you use a shortened form, both the straight apostrophe (') and the curly apostrophe (') are accepted.

Use **have** and **has** as the main verb for possession and everyday situations. Complete the sentence with the correct simple present form. For negative answers, the full form and both straight- and curly-apostrophe forms are accepted.
